### LMI and Me

Labour Market Information (LMI) can be really specific, but also really personal. Consider how this research could affect your future decision-making

## Occupation Description

Occupation I'm exploring:

What could this occupation also be known as?

In my own words, what can I expect from the job?

## New Brunswick

Who is employed in this occupation?

What industry is this occupation in?

What kind of education is needed to be in this occupation?

What is the median wage for this occupation?

### Good to Know!

Median wage represents the middle point of the wage distribution, when wages are ranked in numerical order. Median wage is preferred over the average wage because it is less sensitive to extreme or anecdotal values and is likely more representative of the typical wages within an occupation.

What kind of opportunities are currently available if I wanted to start working in this occupation tomorrow? List 3 that you find in New Brunswick.

- 
- 
-

What is the 3 years occupation outlook for this career?

What is the 10-year occupation outlook for this career?

Can you find information on why the province or country need workers in this occupation?  
You could find this information in news, radio shows, or in government press releases.

Would I need to move to pursue education/training, or to start my career in this occupation?  
Where are training programs for this occupation located?

Who is available to help me move toward this type of career? (Community programs, mentors, professional associations, etc.,)
